

SPEAKERS CALL FOR PLAYERS

7 NOV 2025

 ScrumAlliance®

**Regional
Scrum
Gathering®**

BELGRADE

RSG BELGRADE

07.11.2025.

Join us as a speaker or facilitator and be a part of the team creating the biggest and most influential Agile gathering in the Balkans region.

Belgrade is the capital of Republic of Serbia, located at the mouth of two wonderful European rivers, the Sava, and the Danube River. The city lies on 23 hills, and 12 rivers and streams, giving it a unique natural position. Belgrade is especially known for its vivid night life, hospitality, and delicious food.

We cordially invite you to submit a session to present, or a workshop to facilitate at the conference.

Our goal is to co-create a program which offers a variety of engaging formats, and currently the most important topics. We would like to offer to our participants a possibility to learn from different voices, industries, and seniority levels. We want to attract both lifelong practitioners as well as those just beginning their journey.

Regional Scrum Gathering Belgrade 2025 will be an in-person-only and English-only event.

TIMELINE

Call for Sessions open: **15 March 2025**

Call for Sessions ends: **15 July 2025**

Submitters notified of submission status: **15 August 2025**

Conference program announced: **1 September 2025**

You can send your Session description via mail:

scrum@puzzlesoftware.rs

GENERAL GUIDELINES

You can create a session and refine it based on peer feedback.

Sessions are possible with a maximum of 2 presenters. Any co-presenter must be known and defined in the system before the call for sessions closes.

Submitting a session proposal and a review will happen via e-mail.

SESSION TYPES

For 2025 following types of events has been envisaged:

- **Lectures (Interactive talk)** – An event at the main stage, where the lecturer (presenter) gives a presentation of approximately 35 minutes including 10 minutes that should be reserved for Q&A session.
- **Workshops** – An event where the lecturer introduces the topics and participants have the opportunity to try the techniques themselves. Workshops should last up to 80 minutes .
- **Experience report/case study** – May take place at any stage, depending on the topic attractiveness and slot availability. It should last approximately 35 minutes including 10 minutes that should be reserved for Q&A session.
- **Engagements** – Small workshops, engaging meets, unconference topics, technique demonstrations and similar events. The idea for these events is that they happen in open space where anyone can join. They should be short, flexible, and highly engaging. They should provide participants with real-life examples of technique used or engage them in discussions on a particular topic. One engaging session should last 15-30 minutes and should engage around 10 people. The slot can't be longer than 1 hour.
- **Keynote** – One keynote session is envisaged for the event. Keynote speakers will be invited based on the pre-selection process performed by the organizers.

TOPICS & TRACKS

The **overall theme** of the conference is:

Agile Breaking Barriers: Scaling, Evolving, Maximizing Value in a Changing World

The topics to be discussed:

- **Agile & Scaling**
- **Product Management & Discovery Across Industries**
- **AI in Agile & Product Management**
- **The Future of Agile & Emerging Trends**

SESSION CRITERIA

You can create a session and refine it based on feedback received by the organizing committee.

Title of the session	
Lecturer(s)	
The conference topic that suites this session (mark appropriate topic)	<p><u>Lectures:</u> Future of agile Agile outside IT Is there Scrum tomorrow? Product management in outsource mode Product discovery in (non)IT Agile culture foundation of agile</p> <p><u>Workshops:</u> Scrum implemented Incremental approach in practice Agile coaching in practice Continuous product management implemented Discovery techniques in practice Agile culture implementation in practice</p> <p><u>Engagements:</u></p>
Type of the session (mark appropriate)	<ul style="list-style-type: none"> a) Lecture b) Workshop c) Engagement
Short description	
Full description	

Outline, agenda or session skeleton	
Level of proficiency, in the topic domain, required by attendees	a) Basic b) Advanced Proficient
Any specific knowledge required by attendees	
Short CV of the lecturer(s)	a) Lecture b) Workshop c) Engagement
Lecturer's current position and employment	

We also expect you to reply to feedback given to your sessions and keep refining your session based on these comments.

Indicate clearly in the extra information if you have delivered this session before or not at other conferences.

Session selection

We strive to make the process open, transparent, and objective by involving larger number of reviewers. As a program committee, we will also apply following criteria:

- Diversity of presenters; balance between experienced and new presenters; presenters from different countries; presenters of other genders.
- Diversity of session formats.
- Diversity of topic.
- Diversity of prerequisite knowledge or experience needed from the participants.
- The balance between real-world experiences, tools & techniques, innovative ideas.
- A maximum of 2 sessions per presenter.

Note

We are very sorry that, due to our customs regulations, we are not in a position to send letter of guarantee for candidates needing visa for entering Serbia. Please inform yourself about Serbian visa regulations prior to making any travelling arrangements.
